No. 75, \$50,000 acres of cotton land in Mississippi. There is no section of country which offers so meny opportunities for protiable investment as the Mississippi Delta which is now fitly described as "Prosperity Valley." The timber is becoming more voluble all the time for the reason that lumber peopla from the North (whera the supply of timber is fast diminishing, are constantly increasing their purchases of timber lands in the South. When the timber is removed the lend is unequaled for egricultoral purposes. It will produce a bale of cotton to the acra or will grow any other kind of crop relsed in the tempetate zone. The soil needs no fertilizers and gives a yield which cannot be excelled; taxes are low, the title is perfect and the man who buys Delta farm and timber lands at present prices is making an investment that ha will never regret. This lend is didded into tracts renging from 40 acres to the tract to \$10,000 acres to the tract and applies from \$8 per acre to \$10,000 acres to the tract and prices from \$8 per acre to \$10,000 acres of this land has been soid by the Compeny since we received this option. ## BLACK -DRAUGHT STOCK and POULTRY MEDICINE

Stock and poultry have few troubles which are not bowel and liver irregularities. Black-Draught Stock and Poultry Medicine is a bowel and liver remedy for stock. It puts the organs of digestion in a perfect condition. Prominent American breeders and farmers keep their herds and flocks healthy by giving them an occa-sional dose of Black-Draught Stock and Poultry Medicine in their food. Any stock raiser may buy a 25-cent half-pound air-tight of this medicine from his dealer and keep his stock in vigorous health for weeks. Dealers gener-ally keep Black-Draught Stock and Poultry Medicine. If yours does not, send 25 cents for a sample can to the manufacturers. The Chattanooga Medicine Co., Chattauooga, Tenn.

#### To The Voters of the Fifth Appellate Court District of Kentucky.

I am a candidate for Judge of the Court of Appeals from this district, subject to the action of the democratic party. As circult judge, it became my duty to try a number of criminal cases. which have become a part of the State's bistory and at a most critical time. As judge of the State fiscal court, it fell to my lot to construe the Statutes adopted, to put in force the provisions of the new constitution, as well as to construe the present constitution whenever a controversy arose as to its proper construction. Almost innumerable cases have burdened the dockets of my court, touching the rights of corporations and the exercise of Iranchises under the law. How well I have discharged my duties under such trying circumstances, is left to you to determine.

I will be very grateful to all who feel they can assist me to secure the high position and office to which I aspire.

Very respectfully. JAMES E CANTRILL
